

# Patterson Digital Radiography and Imaging Products

by Integration Status to Patterson Eaglesoft V16 & Patterson Imaging Software V15.00

## Digital X-ray, Sensors

### Integrated:

**Schick:** CDR Elite (USB2.0), CDR (USB2.0), CDR Wireless (USB1.1) and PlusWire (USB2.0)

**Instrumentarium:** Sigma (USB1.1)

**PLANMECA:** ProSensor (USB1.1, PCI, Proprietary Network Interface Box), Dixi 3 (USB1.1, PCI, Proprietary Network Interface Box)

**Sirona:** Xios (USB1.1) and SIDEXIS Intraoral (USB1.1 Proprietary Network Interface Box)

**Air Techniques:** Accent (USB2.0)

**Progeny:** VisionDX (USB1.1)

## Digital X-ray, Phosphor

### Integrated:

**Air Techniques:** ScanX ILE, ScanX Intraoral (EPP, USB1.1) and ScanX Duo

**Soredex:** OpTime (Ethernet)

### Not Integrated:

**Soredex:** PCT

## Intraoral Cameras

### USB or Firewire Integrated:

**Schick:** USBCam (USB1.1) and USBCam 2 (USB2.0)

**Air Techniques:** Acclaim, SLC (USB2.0) and Acclaim USB (USB2.0), Polaris Camera

**DigitalDOC:** eEvolution USB (USB2.0), Icon (USB2.0)

**SciCan:** Ultimate (USB2.0)

**Sopro:** 595, 617, 717 (USB2.0) and 717 Integrated A-dec

### Integrated via Video Capture Card\*:

**Air Techniques:** Acclaim, SLC and Vistacam (S-Video)

**SciCan:** Ultimate, Classic III and MicroVision (S-Video)

**Sopro:** 595, 717 (S-Video) and 717 Integrated A-dec

**DigitalDOC:** Aurora, eEvolution (S-Video)

**Progeny:** Cygnus Micro and Micro Plus (S-Video)

\*NOTE: Any I/O camera that outputs S-Video should allow image acquisition into EagleSoft/Patterson Imaging via video capture card. Compatibility to a specific capture card may vary. The above cameras have been tested with all Patterson-supported video capture cards.

## Digital Extraoral Cameras

### Integrated\*\*:

**Dental Learning Centers:** Canon A630 DentalFoto (USB2.0)

**Canon:** EOS Digital Rebel XT (USB 1.1)

\*\*NOTE: Eaglesoft and Patterson Imaging can accept images from virtually any digital camera that exports images in standard file formats (e.g., jpeg).

## Digital Pan and Pan/Ceph

### Integrated:

**Schick:** PanElite (Network Interface), CDR iPan (retrofit kit) (USB), PanX (USB) and PanX-C (USB)

**Instrumentarium:** OP100D (Fiberoptic PCI), OP200D (Fiberoptic PCI)

**PLANMECA:** Digital ProMax and Digital Proline EC & XC (PCI and Network Interface), Promax 3D (Network Interface), ProOne (Network Interface)

**Sirona:** ORTHOPHOS 3 DS, ORTHOPHOS Plus DS, ORTHOPHOS XG Plus, ORTHOPHOS XG5 (Network Interface)

**Soredex:** Excel D (PCI, uses Schick sensor) and Novus (Network Interface)

### Not Integrated:

**Sirona:** GALILEOS

## Standalone Digital Imaging Software

### Directly Supported by PTC:

**Patterson:** Patterson Imaging Software

**Schick:** CDR DICOM exclusive

**PLANMECA:** Dimaxis

### Not Supported by PTC:

**Instrumentarium:** Cliniview

**Sirona:** SIDEXIS

**Soredex:** Digora

*Listing is accurate as of December 2010.*

*Integration status and product availability are subject to change.*
